SUMMARY

Front-End Developer with 4+ years of experience designing, developing, and deploying responsive web applications using React.js, TypeScript, JavaScript, HTML, CSS, TailwindCSS and Three.js (R3F).

My unique strengths lies in blending technical expertise and creative vision, leveraging my background in 3D applications and game development to craft engaging, high-performance unique web experiences.

My vision and expertise in both technical and creative work makes me a unique front-end developer capable of bridging the gap between engineering and design.
